IMO
CLARETIAN
UNIVERSITY

REDEEMING THE FUTURE
THROUGH EDUCATION

Rev. Fr Simeon Okezu Nwobi

Provincial Superior
Claretian Missionaries

"IMO Claretians University is
poised to guarantee access to
world class education without
compromising on quality and
standards"

"My dream would continue to be that the present generation would do better than the past generation. I believe Nigerian child can have quality education at all levels without paying exorbitant fees."

HIS EXCELLENCY,

Executive Governor, Imo State
Founder/Visitor Imo Claretian University

REV. FR.
CHRISTIAN
IHEDERO, CMF

"Only the best is
good enough
for Claretians,
and there is
always room for
improvement"

*"we focus on seeing life through the
eyes of the poor and respond to the
biggest needs through our ministry
work in more than 65 countries in 5
continents"*

FROM THE CHAIRMAN

VERY REV. FR. WENCESLAUS MADU CMF

The Second Vatican Council declaration; that “true education is directed towards the information of the human person in view of his final end and the good of the society to which he will, as an adult, have a share” indeed calls for reflection at this time the development of our dear nation, Nigeria. Thus, the need for reform in education, aimed at reviving and ensuring that our youth begin to acquire an improved sense of responsibility in the proper development of their own lives, cannot be over emphasised.

With the creation of Imo Claretian University, we have thus gone back at the basics and we have faith in God that our new University will become a catalyst for the much needed reform of the broader educational system in Nigeria

In the Encyclical letter of 1929, probably the most authoritative document on catholic education; Pope Pius (x1) defined education as the sacred task of forming the character of the child and aiding him/her to attain the purpose of existence. It started in CAN.795 of the code of Canon Law that “education must pay respect to the development of the whole person so that all may attain their eternal destiny and at the same time, promote the common good of society. Children and young persons are therefore to be cared for in such a way that their physical, moral and intellectual talents may be developed in a pleasant manner so that they may attain a greater sense of responsibility and right use of freedom to take an active part in social life.”

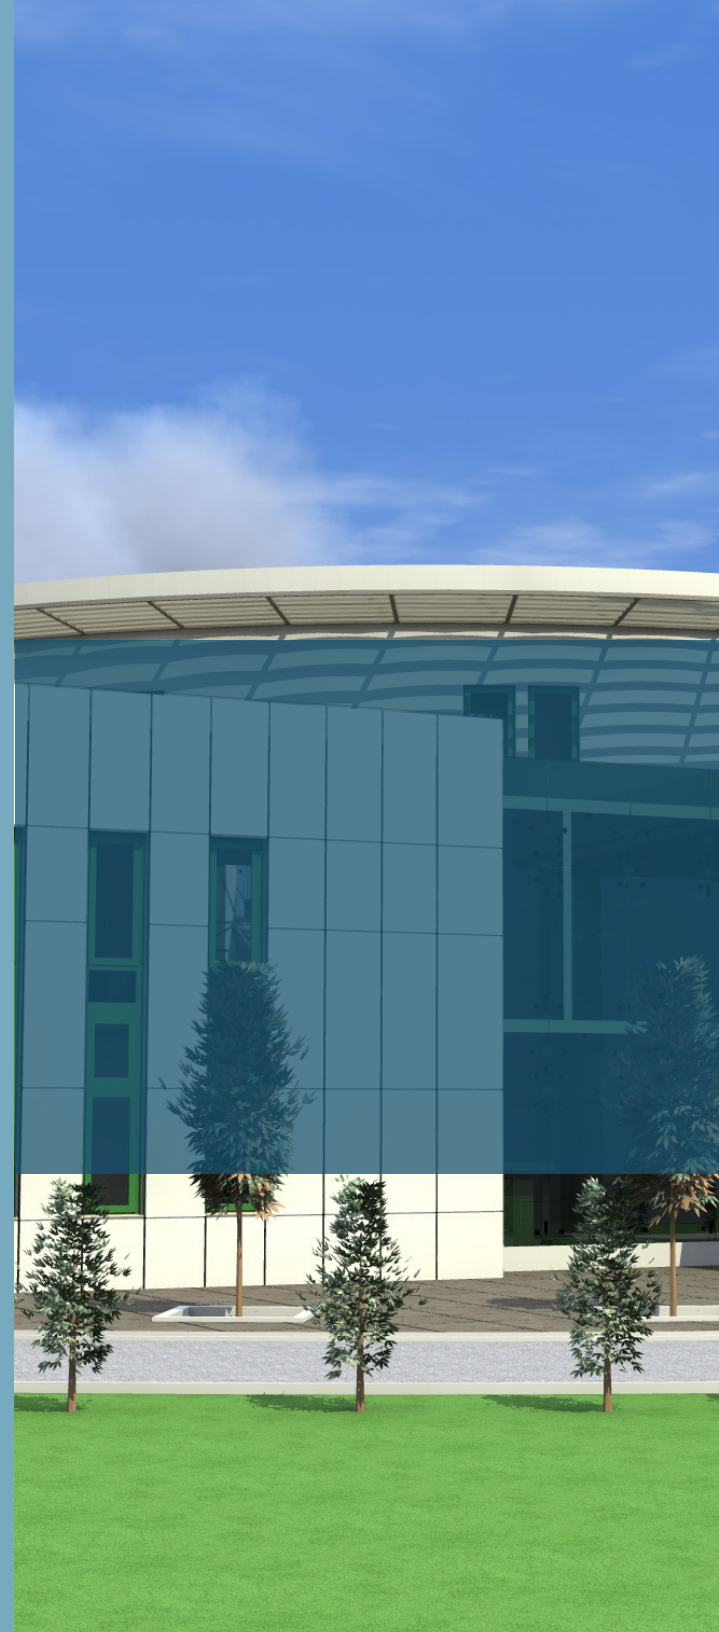

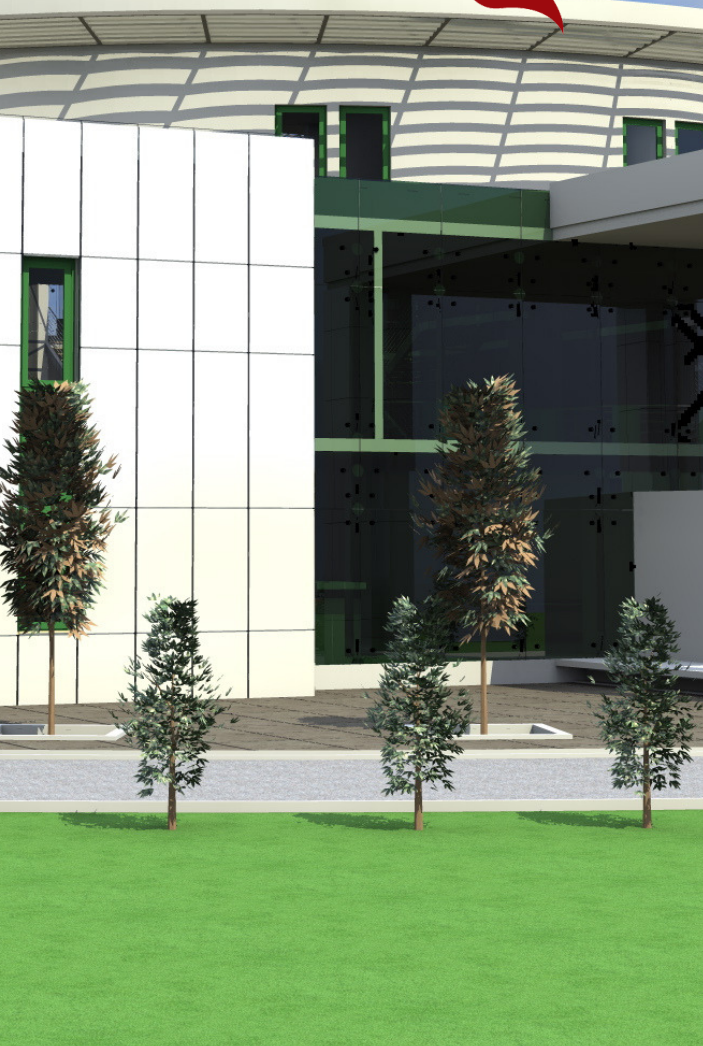

WHO WE ARE

IMO is one of the 36 States in Nigeria. It is located in the heartland of the South Eastern part of Nigeria.

The Claretian University is a multi campus Institution located in parts of the Eastern Nigeria.

Our moto is , Redeeming the future through Education.

Why ICU?

The name "Claretian" represents both a personal name and the spirit of the work of a Spanish Catholic clergy and educationist of the modern times, St. Anthony Mary Claret. He lived in the time of socio-political crisis in Spain during which he was able to organize 'educational Institutions for poor children, and some of those schools were organized in collaboration with public government agencies.

He equally produced many volumes of literary works which tried to give responses to the many problems of their time.

Therefore, in imitation of his name and spirit of work, especially in the trend of the mandate to attend to the urgent and timely needs of the society, the Claretian University is therefore born to support Imo State Government in her laudable policy of creating access to tertiary education for the youth of Imo State and Nigeria. It is on record that Imo State has the highest number of candidates who participate in Joint Admission and Matriculation Board (JAMB) Examination annually for the past six years and sponsors the highest number of students for the WASC and NECO examinations each year. Hence, an additional educational institution like Claretian Imo University is a plus for the state in solving its urgent educational needs

THE NATURE OF THE UNIVERSITY

In a period of economic crisis that Nigeria is experiencing in all sectors today, it is only laudable to have an institution like the Claretian University come on board. The Claretians believe that the burden of running of public educational institutions should not be left to the Government alone .

Therefore, leveraging on its international spread, in tandem with its Spirit to work with Government partners with Imo State Government to have access to other resources and funding available for development, research and training in public tertiary educational institution It is worth mentioning that the Claretians form an international body that is spread across over 65 countries in the world. The members of this international body support one another's projects, especially the ones that follow the strategic attention to the most urgent, timely and effective needs of the society.

Presently, Claretian Missionaries run branded and flourishing Universities in Italy, Spain, Philippines, India and Brazil.

Claretian University of Batatais Brazil is working in partnership with the Imo Claretian University to build a consistent international brand in Nigeria.

Imo Claretian University will thus be an innovative University in the true spirit of St Anthony Mary Claret.
